Aquafilter Europe

Welcome

Welcome to Aquafilter Corporation

Aquafilter Inc. is a wholly foreign-owned enterprise set up as a joint owner of the operationally independent Aquafilter Germany and Aquafilter Europe.

Aquafilter Inc. was founded in 1984 and is headquartered in Hunt Valley, Maryland. With an executive team, that has over 30 years of experience in engineering, production, sales and marketing.

We are committed to manufacture and offer our consumers cost effective water filtration product.

Aquafilter is a leader in a full range of water purification products, including residential, light commercial water treatment equipment, filter housings, filter cartridges, filter elements and filter components etc.

Aquafilter develops and manufactures over 90% water treatment related products, has three manufacturing facilities, one in Germany and two in Poland. All of our finished products and components are made according to NFS, ROHS, EU, FDA and CE standards.

The company has two operating units: water treatment products and water distribution products; like pipes and fittings.

Aquafilter entered European markets more then 20 years ago and is a leading manufacturer of residential water treatment products, components and has become a well known brand in Europe and abroad.

We supply our products to more than 50 countries including: **Europe, Asia, Middle East, Africa, Central / South America and South East Asia**. Cary at the same time large inventory stock in modern high storage warehouse with over 8000 euro pallets of finished product, for quick delivery.

There has been substantial annual growth in international and domestic sales. The company has maintained its leading position thanks to introducing new innovative technology and price competitive new product with-in water purification and filtration line.

We aim to provide you with the cleanest and healthiest water filtration for your home and business by making sure the materials we use in our products are eco-friendly, while being cost effective.

Aquafilter's unique, innovate design and features make operation more reliable, and our wide selection of product line allows you to solve virtually any water contamination problems.

We will continue to provide the best quality, innovative technology and satisfied performance to customers all over the world at competitive prices.

Aquafilter will continue to carry on the core concept of providing the development of healthy drinking water for our consumers both international and at home!

Company History

- 1984 – business established in USA
- 1986 – business established in Poland
- 1988 – company registered in Warsaw
- 2011 – relocation of production facilities fromthe Far East to Poland
- 2014 – production grows into Germany

10 Reasons to Choose Aquafilter

1. HIGH QUALITY: NSF, Certified and EU and FDA Standard Compliance, ACS Certification in Progress and WRAS Certification in Final Progress.

2. COMPETETIVE PRICING: Without sacrificing quality through the use of recycled materials.

3. MADE IN EUROPE: Highest quality standards, convenient location, quick reaction times, and short delivery times!

4. FIVE YEAR WARRANTY: In accordance with EU standards, we offer an exceptional warranty.

5. 2,000,000.00 € INSURANCE POLICY: Product liability insurance.

6. LOW MINIMUM ORDER QUANTITY: Full container orders not required - our short delivery time creates a low inventory cost.

7. HIGH PRODUCTION CAPACITY, LARGE INVENTORY: Quick order processing and delivery time.

8. STATE OF THE ART PRODUCTION EQUIPMENT: Late model injection molding machinery & process automation.

9. OEM PRODUCTS AND PRIVATE LABELS WELCOME: Customize your products to suit your needs.

10. TRUSTWORTHY PARTNERSHIPS: We stay in business as long as your business makes a profit!

Filter Housings

part nr	size
FHPLW14	**1/4"**

10" filter housings with transparent sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
FHPLWW14	**1/4"**

10" filter housings with white sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
FHPL14	**1/4"**

10" filter housings with transparent sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
FHPLN14	**1/4"**

10" filter housings with blue sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
EG14CWAQ-4	**1/4"**

10" filter housings with transparent sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
EG14WWAQ-4	**1/4"**

10" filter housings, with white sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
EG14CWAQ-5	**1/4"**

10" economy filter housings, with transparent sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
EG14WWAQ-5	**1/4"**

10" economy filter housings, with white sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
FHPR5-12	**1/2"**
FHPR5-34	**3/4"**
FHPR5-1	**1"**

5" three-part filter housings, with transparent sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
FHPRN5-12	**1/2"**
FHPRN5-34	**3/4"**
FHPRN5-1	**1"**

5" three-part filter housings, with blue sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
FHPR5-12-WB	**1/2"**
FHPR5-34-WB	**3/4"**
FHPR5-1-WB	**1"**

5" three-part filter housings, with transparent sump, for cold water.

Set includes: NSF and **WRAS** approved filter housing, mounting bracket with screws, wrench, antibacterial and antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FHPRN5-12-WB	**1/2"**
FHPRN5-34-WB	**3/4"**
FHPRN5-1-WB	**1"**

5" three-part filter housings, with blue sump, for cold water.

Set includes: NSF and **WRAS** approved filter housing, mounting bracket with screws, wrench, antibacterial and antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FHPR12-B1-AQ	**1/2"**
FHPR34-B1-AQ	**3/4"**
FHPR1-B1-AQ	**1"**

10" filter housings, with transparent sump, for cold water.

Set includes: NSF and **WRAS** approved filter housing, **NSF** approved FCPS5 filter cartridge, mounting bracket with screws, wrench, antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FHPR12-B-AQ	**1/2"**
FHPR34-B-AQ	**3/4"**
FHPR1-B-AQ	**1"**

10" filter housings, with transparent sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
FHPRN12	**1/2"**
FHPRN34	**3/4"**
FHPRN1	**1"**

10" filter housings, with blue sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
FHPR12-HP1	**1/2"**
FHPR34-HP1	**3/4"**
FHPR1-HP1	**1"**

10" filter housings, 10 bar pressure rated, for cold water.

Set includes: NSF and **WRAS** approved filter housing, **NSF** approved FCPS5 filter cartridge, mounting bracket with screws, antimicrobial filter centralizing ring, wrench, instruction, color box.

part nr	size
FHPR12-HP-S	1/2"
FHPR34-HP-S	3/4"
FHPR1-HP-S	1"

10" filter housings, 10 bar pressure rated, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
FHPR12-3S	1/2"
FHPR34-3S	3/4"
FHPR1-3S	1"

10" three-part filter housings, with transparent sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
FHPRN12-3S	1/2"
FHPRN34-3S	3/4"
FHPRN1-3S	1"

10" three-part filter housings, with blue sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
FHPR12-3_R	1/2"
FHPR34-3_R	3/4"
FHPR1-3_R	1"

10" three-part filter housings, with transparent sump, for cold water.

Set includes: NSF and **WRAS** approved filter housing, mounting bracket with screws, wrench, antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FHPRN12-3_R	1/2"
FHPRN34-3_R	3/4"
FHPRN1-3_R	1"

10" three-part filter housings, with blue sump, for cold water.

Set includes: NSF and **WRAS** approved filter housing, mounting bracket with screws, wrench, antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FHPR12-3VS	1/2"
FHPR34-3VS	3/4"
FHPR1-3VS	1"

10" three-part filter housings, with drain valve and transparent sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
FHPRN12-3VS	1/2"
FHPRN34-3VS	3/4"
FHPRN1-3VS	1"

10" three-part filter housings, with drain valve and blue sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
FHPR12-3V_R	1/2"
FHPR34-3V_R	3/4"
FHPR1-3V_R	1"

10" three-part filter housings, with drain valve and transparent sump, for cold water.

Set includes: NSF and **WRAS** approved filter housing, mounting bracket with screws, drain valve, wrench, antimicrobial filter centralizing ring, instruction, color box.

High-performance Big Blue® Filter Housings

part nr	size
FHPRN12-3V_R	1/2"
FHPRN34-3V_R	3/4"
FHPRN1-3V_R	1"

10" three-part filter housings, with drain valve and blue sump, for cold water.

Set includes: NSF and **WRAS** approved filter housing, mounting bracket with screws, wrench, drain valve, antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FH10B1-B-WB	1"

10" **Big Blue**® filter housings, for cold water, with brass inserts, tested and certified by **NSF** and **WRAS**.

Set includes: Big Blue® type filter housing, mounting bracket with screws, pressure gauge, nickel extension to the pressure gauge, wrench, antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FH20B1-B-WB	1"

20" **Big Blue**® filter housings, for cold water, with brass inserts, tested and certified by **NSF** and **WRAS**.

Set includes: Big Blue® type filter housing, mounting bracket with screws, pressure gauge, nickel extension to the pressure gauge, wrench, antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FH10B1_M	1"
FH10B54_M	1 1/4"
FH10B64_M	1 1/2"

10" **Big Blue**® filter housings, for cold water, tested and certified by **NSF** and **WRAS**.

Set includes: Big Blue® type filter housing, antimicrobial filter centralizing ring, instruction, color box.

Other Filter Housings

part nr	size
FH20B1_L	1"
FH20B54_L	1 1/4"
FH20B64_L	1 1/2"

20" **Big Blue**® filter housings for cold water, tested and certified by **NSF** and **WRAS**.

Set includes: Big Blue® type filter housing, antibacterial and antimicrobial filter centralizing ring, instruction, color box.

EKOFP4-SLIM1

Economical filter housing for cold water.

YT-25W

RO membrane housing.

Bacteriostatic and UV Protection Filter Housings

part nr	size
FHPR5-12-AB	1/2"
FHPR5-34-AB	3/4"
FHPR5-1-AB	1"

5" bacteria and UV protection three-part filter housings with **BACINIX**™ Nanosilver Technology for cold water, with light green transparent sump.

part nr	size
FHPRG5-12-AB	1/2"
FHPRG5-34-AB	3/4"
FHPRG5-1-AB	1"

5" bacteria and UV protection three-part filter housings with **BACINIX**™ Nanosilver Technology for cold water, with green sump.

part nr	size
FHPR5-12-WB-AB	1/2"
FHPR5-34-WB-AB	3/4"
FHPR5-1-WB-AB	1"

5" bacteria and UV protection three-part filter housings with **BACINIX**™ Nanosilver Technology for cold water, with light green transparent sump.

Set includes: filter housing, mounting bracket with screws, wrench, antibacterial and antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FHPRG5-12-WB-AB	1/2"
FHPRG5-34-WB-AB	3/4"
FHPRG5-1-WB-AB	1"

5" bacteria and UV protection three-part filter housings with **BACINIX**™ Nanosilver Technology for cold water, with green sump.

Set includes: filter housing, mounting bracket with screws, wrench, antibacterial and antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FHPR12-B-AQ-AB	1/2"
FHPR34-B-AQ-AB	3/4"
FHPR1-B-AQ-AB	1"

10" bacteria and UV protection filter housings with **BACINIX**™ Nanosilver Technology with two o-rings for cold water, with light green transparent sump.

part nr	size
FHPRG12-B-AQ-AB	1/2"
FHPRG34-B-AQ-AB	3/4"
FHPRG1-B-AQ-AB	1"

10" bacteria and UV protection filter housings with **BACINIX**™ Nanosilver Technology with two o-rings for cold water, with green sump.

part nr	size
FHPR12-B1-AQ-AB	1/2"
FHPR34-B1-AQ-AB	3/4"
FHPR1-B1-AQ-AB	1"

10" bacteria and UV protection filter housings with **BACINIX**™ Nanosilver Technology with two o-rings for cold water, with light green transparent sump.

Set includes: filter housing, mounting bracket with screws, wrench, FCPS5-AB bacteriostatic sediment cartridge, antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FHPRG12-B1-AQ-AB	1/2"
FHPRG34-B1-AQ-AB	3/4"
FHPRG1-B1-AQ-AB	1"

10" bacteria and UV protection filter housings with **BACINIX**™ Nanosilver Technology with two o-rings for cold water, with green sump.

Set includes: filter housing, mounting bracket with screws, wrench, FCPS5-AB bacteriostatic sediment cartridge, antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FHPR12-3S-AB	1/2"
FHPR34-3S-AB	3/4"
FHPR1-3S-AB	1"

10" bacteria and UV protection three-part filter housings with **BACINIX**™ Nanosilver Technology for cold water, with light green transparent sump.

part nr	size
FHPRG12-3S-AB	1/2"
FHPRG34-3S-AB	3/4"
FHPRG1-3S-AB	1"

10" bacteria and UV protection three-part filter housings with **BACINIX**™ Nanosilver Technology for cold water, with green sump.

part nr	size
FHPR12-3_R-AB	1/2"
FHPR34-3_R-AB	3/4"
FHPR1-3_R-AB	1"

10" bacteria and UV protection three-part filter housings with **BACINIX**™ Nanosilver Technology for cold water, with light green transparent sump.

Set includes: filter housing, mounting bracket with screws, wrench, antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FHPRG12-3_R-AB	1/2"
FHPRG34-3_R-AB	3/4"
FHPRG1-3_R-AB	1"

10" bacteria and UV protection three-part filter housings with **BACINIX**™ Nanosilver Technology for cold water, with green sump.

Set includes: filter housing, mounting bracket with screws, wrench, antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FHPR12-3VS-AB	1/2"
FHPR34-3VS-AB	3/4"
FHPR1-3VS-AB	1"

10" bacteria and UV protection three-part filter housings with **BACINIX**™ Nanosilver Technology and drain valve for cold water, with light green transparent sump.

part nr	size
FHPRG12-3VS-AB	1/2"
FHPRG34-3VS-AB	3/4"
FHPRG1-3VS-AB	1"

10" bacteria and UV protection three-part filter housings with **BACINIX**™ Nanosilver Technology and drain valve for cold water, with green sump.

part nr	size
FHPR12-3V_R-AB	1/2"
FHPR34-3V_R-AB	3/4"
FHPR1-3V_R-AB	1"

10" bacteria and UV protection three-part filter housings with **BACINIX**™ Nanosilver Technology, drain valve for cold water and light green transparent sump.

Set includes: filter housing, mounting bracket with screws, wrench, drain valve, antimicrobial filter centralizing ring, instruction, color box.

part nr	size
FHPRG12-3V_R-AB	1/2"
FHPRG34-3V_R-AB	3/4"
FHPRG1-3V_R-AB	1"

10" bacteria and UV protection three-part filter housings with **BACINIX**™ Nanosilver Technology, drain valve for cold water and green sump.

Set includes: filter housing, mounting bracket with screws, wrench, drain valve, antimicrobial filter centralizing ring, instruction, color box.

Filter Housings and Filters for Hot Water

part nr	size
FHHOT12-HPR-S	1/2"
FHHOT34-HPR-S	3/4"
FHHOT1-HPR-S	1"

10" in-line filter housings with red sump for hot water.

part nr	size
FHHOT12-HPC-S	1/2"
FHHOT34-HPC-S	3/4"
FHHOT1-HPC-S	1"

10" in-line filter housings with transparent sump for hot water.

part nr	size
FHMB12	1/2"
FHMB34	3/4"
FHMB1	1"

Multi-use sediment filters, made of brass, for hot and cold water.

Set includes: filter cartridge, pressure gauge and drain valve, instruction.

part nr	size
FHMC12FF	1/2"
FHMC34FF	3/4"

Multi-use sediment filters, made of brass, for both hot and cold water.

Set includes: filter cartridge.

New arrival 2015

part nr	size
FHPR12-3BS	1/2"
FHPR34-3BS	3/4"
FHPR1-3BS	1"

10" three-part filter housings, with transparent sump, for cold water, tested and certified by **NSF** and **WRAS**.

part nr	size
FHPR12-3B_R	1/2"
FHPR34-3B_R	3/4"
FHPR1-3B_R	1"

10" three-part filter housings, with transparent sump, for cold water, tested and certified by **NSF** and **WRAS**.

Set includes: NSF and **WRAS** approved filter housing, mounting bracket with screws, wrench, antibacterial and antimicrobial filter centralizing ring, instruction, color box.

Sediment Cartridges

FCPS

Melt-blown polypropylene filter cartridges, ideal true depth filters for cold water. Tested and certified by **NSF**.

Available size: 4 7/8" x 2 1/2", 9 7/8" x 2 1/2", 20" x 2 1/2", 30" x 2 1/2", 40" x 2 1/2", 9 7/8" x 4 1/2", 20" x 4 1/2"

Available micron: 1, 5, 20, 50

FCPS-G

Grooved melt-blown polypropylene filter cartridges, manufactured from 100% virgin polypropylene with no added binders.

Available size: 9 7/8" x 2 1/2", 20" x 2 1/2"

Available micron: 1, 5, 20, 50

FCPP

PP yarn sediment filter cartridges, made of **FDA**-approved polypropylene string wound on a polypropylene core.

Available size: 9 7/8" x 2 1/2", 20" x 2 1/2", 9 7/8" x 4 1/2", 20" x 4 1/2"

Available micron: 1, 5, 10, 20, 50, 100

FCHOT1

Sediment filter cartridges for hot water, made of high quality polypropylene wound on a polypropylene core.

Available size: 9 7/8" x 2 1/2"

Available micron: 5

FCHOT2

Sediment filter cartridges for hot water, made of high quality polypropylene, using melt-blown technique.

Available size: 9 7/8" x 2 1/2"

Available micron: 5

FCCEL

Multi-use sediment filter cartridges, manufactured from durable polyester non-woven fabric, plated around polypropylene core.

Available size: 9 7/8" x 2 1/2", 20" x 2 1/2", 9 7/8" x 4 1/2", 20" x 4 1/2"

Available micron: 5, 10, 20

FCPNN20M
FCPNN50M
FCPNN100M
FCPNN150M

Multi-use sediment 10" type filter cartridges, made of polypropylene and nylon mesh.

Available size: 9 7/8" x 2 1/2"

Available micron: 20, 50 100, 150

FCPHH20M
FCPHH50M
FCPHH100M
FCPHH150M

Multi-use sediment 10" type filter cartridges for hot water, made of polypropylene and nylon mesh.

Available size: 9 7/8" x 2 1/2"

Available micron: 20, 50, 100, 150

FCCER

Multi-use ceramic and silicate water filters developed specifically for under-counter filtration systems.

Available size: 9 7/8" x 2 1/2"

Available micron: 0.3

FCCERB

Ceramic, silicate and activated carbon water filters developed specifically for under-counter filtration systems.

Available size: 9 7/8" x 2 1/2"

Available micron: 0.3

FCPS-AB

Melt-blown antimicrobial/antibacterial polypropylene filter cartridges, treated with **BACINIX™** Nanosilver Technology.

Available size: 4 7/8" x 2 1/2", 9 7/8" x 2 1/2", 20" x 2 1/2", 9 7/8" x 4 1/2", 20"" x 4 1/2"

Available micron: 5, 20

FCPS-AB-G

Grooved melt-blown antimicrobial/antibacterial polypropylene filter cartridges, treated with **BACINIX™** Nanosilver Technology.

Available size: 9 7/8" x 2 1/2", 20" x 2 1/2"

Available micron: 5, 20

FCPP-AB

Anitmicrobial/antibacterial polypropylene string wound cartridges, with **BACINIX™** Nanosilver Technology.

Available size: 9 7/8" x 2 1/2", 9 7/8" x 4 1/2", 20" x 2 1/2", 20" x 4 1/2"

Available micron: 5, 20

FCPP20-PS5-AB
FCPP20M10B-PS5-AB

Double-layered sediment filter cartridges with melt-blown **FDA**-approved polypropylene string spun and **BACINIX™** Nanosilver Technology.

Available size: 9 7/8" x 2 1/2", 9 7/8" x 4 1/2"

Available micron: 20

FCPNN100M-AB
FCPNN150M-AB

Double-layered sediment filter cartridges with melt-blown PP spun and **BACINIX™** Nanosilver Technology.

Available micron: 100 and 150 (outside layer) and 5 (inside layer).

FCPS5-NN-AB

Replacement insert cartridge layer for FCPNN100M-AB and FCPNN150M-AB

Available micron: 5

Carbon Cartridges

FCCA

GAC filter cartridges filled with polypropylene fabric and **NSF**-approved coconut shell carbon.

Available size: 4 7/8" x 2 1/2", 9 7/8" x 2 1/2", 20" x 2 1/2", 9 7/8" x 4 1/2", 20" x 4 1/2"

Available micron: 10 (FCCA-STO)

FCCB

Cartridges containing a mixture of bitumious activated carbon and **NSF**-approved coconut shell carbon and .

Available size: 4 7/8" x 2 1/2", 9 7/8" x 2 1/2", 20" x 2 1/2", 20" x 4 1/2

FCCBHD

Filter cartridges filled with **NSF**-approved coconut shell activated carbon.

Available size: 4 7/8" x 2 1/2", 9 7/8" x 2 1/2", 20" x 2 1/2", 9 7/8" x 4 1/2", 20" x 4 1/2"

Available micron: 10 (FCCBHD-STO)

FCCBKDF

Filter cartridges filled with **NSF**-approved coconut shell activated carbon and **KDF**® media.

Available size: 4 7/8" x 2 1/2", 9 7/8" x 2 1/2", 20" x 2 1/2", 9 7/8" x 4 1/2", 20" x 4 1/2"

Available micron: 10 (FCCBKDF-STO)

Bacteriostatic Carbon Cartridges

FCCBKDF2

Filter cartridges filled with **FDA**-approved water softening media, and **NSF**-approved activated coconut shell carbon and **KDF**® media.

Available size: 9 7/8" x 2 1/2", 9 7/8" x 4 1/2"

FCCBL

New economical carbon block cartridges.

Available size: 4 7/8" x 2 1/2", 9 7/8" x 2 1/2", 20" x 2 1/2", 9 7/8" x 4 1/2", 20" x 4 1/2"

FCCBL-S

New "SILVER SERIES" cartridges with **NSF**-approved carbon (50% coconut shell activated carbon, and 50% bitumious activated carbon) and zeolite.

Available size: 4 7/8" x 2 1/2", 9 7/8" x 2 1/2", 20" x 2 1/2", 9 7/8" x 4 1/2", 20" x 4 1/2"

FCPS5-BL-AB

Hybrid filter cartridges with **NSF**-approved carbon and antimicrobial PP spun layer.

Available size: 9 7/8" x 2 1/2"

Available micron: 5

For more information visit www.aquafilter.com

FCPS-ACF

Hybrid filter cartridges with PP spun core and activated carbon fiber wound.

Available size: 9 7/8" x 2 1/2"

Available micron: 5

FCCBL-G-AB

New antimicrobial cartridges with **NSF**-approved coconut shell activated carbon, zeolite, and **BACINIX™** Nanosilver Technology.

Available size: 9 7/8 x 2 1/2"

FCCST2

Water softening and iron removing filter cartridges, with **FDA**-approved ion-exchange resin.

Available size: 9 7/8" x 2 1/2"

FCCST

Water softening filter cartridges, with **FDA**-approved ion-exchange resin.

Available size: 4 7/8" x 2 1/2", 9 7/8" x 2 1/2", 20" x 2 1/2", 9 7/8" x 4 1/2", 20" x 4 1/2"

Available micron: 10 (FCCST-STO)

Clear Casings 5" and 10"

FCCFE

Filter cartridges, reducing iron and manganese concentration in water, with **NSF**-approved Birm and Corosex.

Available size: 4 7/8" x 2 1/2", 9 7/8" x 2 1/2", 20" x 2 1/2", 9 7/8" x 4 1/2", 20" x 4 1/2"

Available micron: 10 (FCCFE-STO)

FCPRA-C

Filter cartridges filled with polyphosphate and **NSF**-approved activated coconut shell carbon.

Available size: 9 7/8" x 2 1/2"

FCPRA

Filter cartridges filled with polyphosphate, anti-scale and anti-lime media.

Available size: 4 7/8" x 2 1/2", 9 7/8" x 2 1/2"

FCB5 FCB10

Reusable empty clear filter cartridges, refillable with any filtering media.

Available size: 4 7/8" x 2 1/2", 9 7/8" x 2 1/2"

In-line Sediment Cartridges

part nr	in/out	size	µm
AIPRO	1/4" NPT	2" x 10"	5

In-line filter cartridges for sediment removal equipped with 2 x 1/4" NPT connection.

part nr	in/out	size	µm
AIPRO-QC	1/4" QC	2" x 10"	5

In-line filter cartridges for sediment removal equipped with 2 x 1/4" QC connection.

part nr	in/out	size	µm
AIPRO5-AQ	1/4" NPT	2" x 6"	5

In-line filter cartridges for sediment removal equipped with 2 x 1/4" NPT connection.

part nr	in/out	size	µm
AIPRO-1M-AQ	1/4" NPT	2,5" x 12"	5
AIPRO-20M-AQ	1/4" NPT	2,5" x 12"	20

In-line filter cartridges for sediment removal equipped with 2 x 1/4" NPT connection.

part nr	in/out	size	µm
AIPRO-20M-QM	1/4" QM	2,5"x 12"	20

In-line melt-blown filter cartridges for sediment removal, equipped with 2 x 1/4" Quick Male connection.

part nr	in/out	size	µm
AIPRO-20M-2QM	1/4" QM	2"x 11"	20

In-line melt-blown filter cartridges for sediment removal, equipped with 2 x 1/4" Quick Male connection.

part nr	in/out	size
AIPRO-CL	1/4" NPT	2" x 10,8"

In-line melt-blown filter cartridges for sediment removal, equipped with 2 x 1/4"NPT connection, in clear housing.

part nr	in/out	size
AIPRO-1M-CL	1/4" NPT	2,5" x 12"

In-line melt-blown filter cartridges for sediment removal, equipped with 2 x 1/4"NPT connection, in clear housing.

In-line Bacteriostatic Sediment Cartridges

In-line Carbon Cartridges

part nr	in/out	size	µm
AIPRO-CL-AB	1/4" NPT	2" x 10,8"	5

In-line sediment removal filter cartridges, containing antimicrobial agent, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size	µm
AIPRO-1M-CL-AB	1/4" NPT	2,5" x 12"	5

In-line sediment removal filter cartridges, containing antimicrobial agent, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AICRO	1/4" NPT	2" x 10"

In-line filter cartridges with **NSF**-approved, coconut shell, activated carbon, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AICRO-QC	1/4" QC	2" x 10"

In-line filter cartridges with **NSF**-approved, coconut shell, activated carbon, equipped with 2 x 1/4" QC connection.

part nr	in/out	size
AICRO5	1/4" NPT	2" x 6"

In-line filter cartridges with **NSF**-approved, coconut shell, activated carbon, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AICRO-L-AQ	1/4" NPT	2,5" x 12"

In-line filter cartridges with **NSF**-approved coconut shell, activated carbon, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AICRO-3-QM	1/4" QM	2,5" x 12"

In-line filter cartridges with **NSF**-approved coconut shell, activated carbon, equipped with 2 x 1/4" Quick Male connection.

part nr	in/out	size
AICRO-3-2QM	1/4" QM	2" x 11"

In-line filter cartridges with **NSF**-approved, activated, coconut shell, carbon, equipped with 2 x 1/4" Quick Male connection.

part nr	in/out	size
AICRO-L4	1/4" NPT	2,5" x 12"

In-line filter cartridges with **NSF**-approved, activated coconut shell carbon and **KDF®** media, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AICRO-4-QM	1/4" QM	2,5" x 12"

In-line filter cartridges with **NSF**-approved, activated, coconut shell carbon and **KDF®** media, equipped with 2 x 1/4" Quick Male connection.

part nr	in/out	size
AICRO-4-2QM	1/4" QM	2" x 11"

In-line filter cartridges with **NSF**-approved, activated, coconut shell carbon and **KDF®** media, equipped with 2 x 1/4" Quick Male connection.

part nr	in/out	size
AICRO-AB	1/4" NPT	2" x 10,8"

In-line filter cartridges with **NSF**-approved, activated carbon, containing nanosilver-based antimicrobial agent, equipped with 2 x 1/4" NPT connection in clear housing.

part nr	in/out	size
FCCBL-S-CL	1/4" NPT	2,5" x 12"

Carbon block cartridges 2 in 1 extruded activated carbon containing additional filtration media in clear housings.

part nr	in/out	size
FCCBL-G-CL-AB	1/4" NPT	2,5" x 12"

In-line carbon blocks with **NSF**-approved, activated carbon, containing nanosilver-based antimicrobial agent, equipped with 2 x 1/4" NPT connection in clear housing.

part nr	in/out	size
FCCBKDF3-QM-AQM	1/4" QM	2,5" x 12"

In-line filter cartridges for the SIDE-by-SIDE type refrigerators with **FDA**-approved ion exchange resin, **NSF**-approved coconut shell carbon and **KDF®** media, equipped with 2 x 1/4" Quick Male connection.

part nr	in/out	size
AIPRO-3-L	1/4" NPT	2,5" x 12"

In-line water softening and iron removal filter cartridges with **NSF**-approved Birm and Corosex, and **FDA**-approved ion exchange resin, equipped with 2 x 1/4" NPT connection.

For more information visit www.aquafilter.com

In-line Speciality Cartridges

part nr	in/out	size
AISTRO	**1/4" NPT**	**2" x 10"**

In-line water softening filter cartridges with **FDA**-approved ion exchange resin, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AISTRO-QC	**1/4" QC**	**2" x 10"**

In-line water softening filter cartridges with **FDA**-approved ion exchange resin, equipped with 2 x 1/4" QC connection.

part nr	in/out	size
AISTRO-L-AQ	**1/4" NPT**	**2,5" x 12"**

In-line water softening filter cartridges with **FDA**-approved ion exchange resin, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AISTRO-L-CL	**1/4" NPT**	**2,5" x 12"**

In-line water softening cartridges,, equipped with 2 x 1/4" NPT connection, in clear housing.

part nr	in/out	size
AISTRO-2	**1/4" NPT**	**2" x 10"**

In-line iron removing and water softening filter cartridges with **FDA**-approved ion exchange resin, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AISTRO-2-QC	**1/4" QC**	**2" x 10"**

In-line iron removing and water softening filter cartridges with **FDA**-approved ion exchange resin, equipped with 2 x 1/4" QC connection.

part nr	in/out	size
AISTRO-2-QM	**1/4" QM**	**2,5" x 12"**

In-line iron removing and water softening filter cartridges with **FDA**-approved ion exchange resin, equipped with 2 x 1/4" Quick Male connection.

Part nr	in/out	size
AISTRO-2-2QM	**1/4" QM**	**2" x 11"**

In-line iron removing and water softening filter cartridges with **FDA**-approved ion exchange resin, equipped with 2 x 1/4" Quick Male connection.

DI Cartridges

part nr	in/out	size
AISTRO-DI	**1/4" NPT**	**2" x 10"**

In-line deionization filter cartridges, with cationic and anionic ion exchange resins, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AISTRO-DI-QC	**1/4" QC**	**2" x 10"**

In-line deionization filter cartridges, with cationic and anionic ion exchange resins, equipped with 2 x 1/4" QC connection.

part nr	in/out	size
AISTRO-DI-L	**1/4" NPT**	**2,5" x 12"**

In-line deionization filter cartridges, with cationic and anionic ion exchange resins, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AISTRO-DI-QM	**1/4" QM**	**2,5" x 12"**

In-line deionization filter cartridges, with cationic and anionic ion exchange resins, equipped with 2 x 1/4" Quick Male connection.

In-line Carbon and Other Media Cartridges

part nr	in/out	size
AISTRO-DI-2QM	**1/4" QM**	**2" x 11"**

In-line deionization filter cartridges, with cationic and anionic ion exchange resins, equipped with 2 x 1/4" Quick Male connection.

part nr	in/out	size
AICRO-SOF	**1/4" NPT**	**2" x 10"**

In-line scale elimination filter cartridges, with polyphosphate and **NSF**-approved, coconut shell activated carbon, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AICRO-SOF-QC	**1/4" QC**	**2" x 10"**

In-line scale elimination filter cartridges, with polyphosphate and **NSF**-approved, coconut shell activated carbon, equipped with 2 x 1/4" QC connection.

part nr	in/out	size
AICRO-SOF-2QM	**1/4" QM**	**2" x 11"**

In-line scale elimination filter cartridges, with polyphosphate and **NSF**-approved, coconut shell activated carbon, equipped with 2 x 1/4" Quick Male connection.

For more information visit www.aquafilter.com

In-line Mineralizers

In-line Alkaline and Ionizer Cartridges

part nr	in/out	size
AIFIR-M	1/4" NPT	2" x 10,8"

In-line post mineralization and pH adjustment filter cartridges, with ceramic media, equipped with 2 x 1/4" NPT connection, in clear housing.

part nr	in/out	size
AIMRO	1/4" NPT	2" x 10"

In-line water mineralizing filter cartridges, containing **NSF**-approved **Calcite™** and **Corosex™** media, equipped with 2 x 1/4"

part nr	in/out	size
AIMRO-QC	1/4" QC	2" x 10"

In-line water mineralizing filter cartridges, containing **NSF**-approved **Calcite™** and **Corosex™** media, equipped with 2 x 1/4" QC connection.

part nr	in/out	size
AIFIR-200	1/4 NPT	2" x 10"

In-line water alkalizing filter cartridges, containing ORP lowering media (down to -100 mV), equipped with 2 x 1/4" NPT connection.

In-line Empty Cartridges

part nr	in/out	size
AIFIR-100	1/4" NPT	2" x 10"

In-line water alkalizing filter cartridges, containing ORP lowering media (down to -200 mV), equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AIFIR2000	1/4" NPT	2" x 10,8"

In-line filter cartridges, with negative ion ceramic media (2000 ni/cc), equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AICRO-E-THR	1/4" NPT	2" x 10"

Reusable white empty cartridges, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AICRO-E-212THR	1/4" NPT	2,5" x 12"

Reusable white empty cartridges, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AICRO-E-THR-QC	1/4" QC	2" x 10"

Reusable white empty cartridges, equipped with 2 x 1/4" QC connection.

part nr	in/out	size
AICRO-E-212THR-QC	1/4" QC	2,5" x 12"

Reusable white empty cartridges, equipped with 2 x 1/4" QC connection.

part nr	in/out	size
AICRO-E-2CL-THR	1/4" NPT	2" x 10"

Reusable clear empty cartridges, equipped with 2 x 1/4" NPT connection.

part nr	in/out	size
AICRO-E-212CL-THR	1/4" NPT	2,5"x 12"

Reusable clear empty cartridges, equipped with 2 x 1/4" NPT connection.

Candle-type Cartridges

part nr	size	µm
FCPS5-CN*	1,96" x 9,84"	5
FCPS20-CN*	1,96" x 9,84"	20
FCPS5-CT*	1,96" x 9,84"	5
FCPS20-CT*	1,96" x 9,84"	20

Melt-blown polypropylene candle-type cartridges without thread.

part nr	size
FCCBL-CN*	1,96" x 9,84"
FCCBL-CT*	1,96" x 9,84"

Candle-type carbon block made of high quality activated carbon.

part nr	size	µm
FCPSKDF-CN*	1,96" x 9,84"	5
FCPSKDF-CT*	1,96" x 9,84"	5

Candle-type cartridges combining action of three different layers (non-woven polypropylene, **KDF®**, water-washed activated carbon).

part nr	size	µm
FCCER-CN*	1,96" x 9,84"	0,3
FCCER-CT*	1,96" x 9,84"	0,3

Washable and reusable candle-type cartridges made of 100% ceramal.

* without thread, set includes box

RO Membranes

UV Lamp

part nr	size	µm
TLCHF	**2" x 8,2"**	**0,02**

Candle-type UF membrane for EKOFP4-PLUS filtration system.

Available micron: 0,02

part nr	GPD
TFC-50F	**50**
TFC-75F	**75**
TFC-100F	**100**
TFC-125F	**125**

Original **Aquafilter**® RO membranes, made of genuine **Filmtec**™ film.

part nr	GPD
TFC-50FT	**50**
TFC-75FT	**75**
TFC-100FT	**100**

RO membranes made of genuine **Filmtec**™ film.

FUV-P4W

FUV-P4W is a UV lamps, eliminate waterborne microorganisms.

Features: 280 x 48 mm size, 220 - 240/50 - 60 V/Hz power supply, approximately 12 months of filament vitality, 99,9% effectiveness in water disinfection

UF Membranes

part nr	in/out	size	µm
TLCHF-2T	**1/4" NPT**	**10,8" x 2"**	**0,02**

Ultra filtration membranes, remove most bacteria and some viruses.

Available size: 0,02 µm

part nr	in/out	size	µm
TLCHF-FP	**1/4" NPT**	**12" x 2 1/2"**	**0,02**

Ultra filtration membranes, remove most bacteria and some viruses.

Available size: 0,02 µm

UDF Slim Type Cartridges

part nr	size	µm
FCPS5-SL	**9 7/8" x 2"**	**5**
FCPS20-SL	**9 7/8" x 2"**	**20**

Melt-blown polypropylene sediment filter cartridges for EKOFP4-SLIM1 filter housing.

part nr	size
FCPS-AB-SL	**9 7/8" x 2"**

Antibacterial sediment filter cartridges based on **BACINIX**™ Nanosilver Technology for EKOFP4-SLIM1 filter housing.

part nr	size
FCBHD-SL	**9 7/8" x 2"**

Filter cartridges, equipped with coconut shell activated carbon, for EKOFP4-SLIM1 filter housing.

part nr	size
FCCBL-S-SL	**9 7/8" x 2"**

Pre-filter filter cartridge, containing extruded activated carbon and other treatment media, for EKOFP4-SLIM1 filter housing.

part nr	size
FCCFE-SL	**9 7/8" x 2"**

High quality media iron reduction filter cartridge for EKOFP4-SLIM1 filter housing.

part nr	size
FCCST2-SL	**9 7/8" x 2"**

2 in 1 filter cartridge, equipped with ion exchange resin, for EKOFP4-SLIM1 filter housing.

part nr	size
FCCST-SL	**9 7/8" x 2"**

Filter cartridge, equipped with ion exchange resin, for EKOFP4-SLIM1 filter housing.

part nr	size
FCCKDF-SL	**9 7/8" x 2"**

Filter cartridge, equipped with coconut shell activated carbon and **KDF**® media, for EKOFP4-SLIM1 filter housing.

For more information visit www.aquafilter.com

Made in EU

FP3-2

Three stage basic water filtration systems, made of **NSF** certified components.

Package contains: cartridges FCPS5 FCPS20, FCCBL, wrench, FXFCH5 long reach chrome faucet, FT06 feed water connector 1/2", tubing, instruction.

FP3-K1

Three stage water filtration systems, made of **NSF** certified components.

Package contains: cartridges FCPS5 , FCCST2, FCCBKDF, wrench, FXFCH17-C long reach chrome faucet, FT06 feed water connector 1/2", tubing, instruction, color box.

EXCITO-ST

Four stage basic water filtration systems, made of **NSF** certified components.

Package contains: cartridges AIPRO-20MS, AISTRO-L, AICRO-L4, AIPRO-1MS, FXFCH17-C long reach chrome faucet, FT06 feed water connector 1/2", tubing, instruction, color box.

EXCITO-CL

Alkaline Five stage "See True" water filtration systems, uses Nanosilver Technology with transparent filtration cartridges, made of **NSF** certified components.

Package contains: cartridges AIPRO-1M-CL, AISTRO-L-CL, FCCBL-S-CL, AIFIR-100, AICRO-AB, FXFCH17-C long reach chrome faucet, FT06 feed water connector 1/2", tubing, instruction, color box.

FHCTF2

Twin two stage countertop water filter.

Package contains: FCPS20 cartridge, FCCBL carbon block, faucet, water connector to faucet, tubing, instruction, color box.

FHCTF

Two stage countertop water filter.

Package contains: FCCA-STO cartridge, FCCBL carbon block, faucet, water connector to faucet, tubing, instruction, color box.

FH2000_K

Modern faucet filter. It is equipped with FC2001_S cartridge containing coconut shell activated carbon.

FC_2001_S

Filter cartridge for FH2000_K faucet filter, filled with activated coconut shell carbon.

Filtration Systems - Ultrafiltration

FP3-HJ-K1

Four stage water filtration systems with UF membrane, made of **NSF** certified components.

Package contains: cartridges FCPS5 , FCCST2, FCCBKDF, TLCHF-2T, wrench, FXFCH17-C long reach chrome faucet, FT06 feed water connector 1/2", tubing, instruction, color box.

EKOFP4-SLIM-UF

Four stage ultrafiltration systems based on UDF-SLIM cartridge type, made of **NSF** certified components.

Package contains: cartridges FCPS20-SL, FCCST2-SL, FCCBL-S-SL, TLCHF-SL, FXFCH17-C long reach chrome faucet, FT06 feed water connector 1/2", tubing, instruction, color box.

EXCITO-B

Five stage ultrafiltration systems based on Quick Male connector cartridge type.

Package contains: cartridges AIPRO-20M-QM, AISTRO-2-QM, AICRO-3-QM, AICRO-4-QM,TLCF-2T, FXFCH17-C long reach chrome faucet, FT06 feed water connector 1/2", four color coded tubing, instruction, color box.

EXCITO-4

Four stage ultrafiltration systems based on "TWIST" cartridge typemade of **NSF** certified components

Package contains: cartridges AIPRO-1M-TW, AISTRO-L-TW, FCCBL-S-TW, TLCHF-TW, FXFCH17-C long reach chrome faucet, FT06 feed water connector 1/2", tubing, instruction, color box.

UV Systems

Reverse Osmosis Systems

EXCITO-WAVE

Four stage ultrafiltration systems based on "TWIST" cartridge type, made of **NSF** certified components.

Package contains: cartridges AIPRO-1M-TW, AISTRO-L-TW, FCCBL-S-TW, TLCHF-TW, FXFCH17-C long reach chrome faucet, FT06 feed water connector 1/2", tubing, instruction, color box.

EKOFP4-SLIM-UV

Five stage UV systems based on UV final stage, made of **NSF** certified components.

Package contains: cartridges FCPS20-SL, FCCST2-SL, FCCBL-SL, FCCM-SL, FUV-P4W UV lamp, FXFCH17-C long reach chrome faucet, FT06 feed water connector 1/2", tubing, instruction, color box.

RX-AFRO-3AQ

Three stage reverse osmosis systems for aquarium.

Package contains: cartridges AICRO, AIPRO, TFC-75F, automatic shut-off valve, mini flow restrictor, FT06 feed water connector 1/2", drain saddle valve, wrench, tubing, instruction, color box.

RX44111XXX

Four stage reverse osmosis systems made of **NSF** certified components.

Package contains: cartridges FCPS20, FCBBL, AICRO, TFC-75F, 4 galons plastic water tank, automatic shut-off valve, mini flow restrictor, check valve, FXFCH17-C long reach chrome faucet, FT06 feed water connector 1/2", drain saddle valve, wrench, four color coded tubing, instruction, color box.

For more information visit www.aquafilter.com

RX54111XXX

Five stage reverse osmosis systems made of **NSF** certified components.

Package contains: cartridges FCPS20, FCCBL, FCPS5, AICRO, TFC-75F, 4 galons plastic water tank, automatic shut-off valve, mini flow restrictor, check valve, FXFCH17-C long reach chrome faucet, FT06 feed water connector 1/2", drain saddle valve, wrench, four color coded tubing, instruction, color box.

RX541141XX

Six stage reverse osmosis systems with mineralizing cartridge, made of **NSF** certified components.

Package contains: cartridges FCPS20, FCCBL, FCPS5, AICRO, AMIRO, TFC-75F, 4 galons plastic water tank, automatic shut-off valve, mini flow restrictor, check valve, FXFCH16-C double long reach chrome faucet, FT06 feed water connector 1/2", drain saddle valve, wrench, four color coded tubing, instruction, color box.

RP942141XX

Six stage reverse osmosis systems with pump and mineralizing cartridge, made of **NSF** certified components.

Package contains: cartridges FCPS20, FCCBL, FCPS5, AICRO, AMIRO, TFC-75F, diaphragm pump, 4 galons plastic water tank, automatic shut-off valve, mini flow restrictor, check valve, FXFCH16-C double long reach chrome faucet, FT06 feed water connector 1/2", drain saddle valve, four color coded tubing, instruction, color box.

RX5411411X

Seven stage reverse osmosis systems with mineralizing and ionizing cartridges, made of **NSF** certified components.

Package contains: cartridges FCPS20, FCCBL, FCPS5, AICRO, AMIRO, AIFIR2000, TFC-75F, 4 galons plastic water tank, automatic shut-off valve, mini flow restrictor, check valve, FXFCH16-C double long reach chrome faucet, FT06 feed water connector 1/2", drain saddle valve, wrench, four color coded tubing, instructions, color box.

RX-RO5-NN

Five stage reverse osmosis systems, made of **NSF** certified components.

Package contains: cartridges WPP20H, WWBH, WPP5H, WWH1, TFC-75F-AQM, 3,2 galons plastic storage tank, automatic shut-off valve, mini flow restrictor, check valve, FXFCH5 long reach chrome faucet, FT06 feed water connector 1/2", drain saddle valve, wrench, tubing.

RX-RO6-NN

Six stage reverse osmosis systems with mineralizing cartridge, made of **NSF** certified components.

Package contains: cartridges WPP20H, WWBH, WPP5H, WWH1, WMH1, TFC-75F-AQM, 3,2 galons plastic storage tank, automatic shut-off valve, mini flow restrictor, check valve, FXFCH4 double long reach chrome faucet, FT06 feed water connector 1/2", drain saddle valve, wrench, tubing.

HX141144XX

Six stage in-box reverse osmosis systems with mineralizing cartridge, made of **NSF** certified components.

Package contains: cartridges FCPS5, FCCBL, FCPS5, AISTRO, AICRO, AMIRO, TFC-75F, 4 galons plastic storage tank, automatic shut-off valve, mini flow restrictor, check valve, FXFCH16-C double long reach chrome faucet, FT06 feed water connector 1/2", drain saddle valve, wrench, four color coded tubing, instruction, color box.

SX2423522X

Seven stage in-box reverse osmosis systems with mineralizing and ionizing cartridges, made of **NSF** certified components.

Package contains: cartridges AIPRO-20M, AICRO-L, AIPRO-1M, AICRO, AIMRO, AIFIR2000, TFC-75F, 4 galons plastic storage tank, automatic shut-off valve, mini flow restrictor, check valve, FXFCH17-C long reach chrome faucet, FT06 feed water connector 1/2", drain saddle valve, wrench, four color coded tubing, instruction, color box.

Whole House Systems

EKOFP4-SLIM-RO5

Five stage reverse osmosis systems, made of **NSF** certified components.

Package contains: cartridges FCPS20-SL, FCCBL-S-SL, FCPS5-SL, TLC75FT, FCCM-SL, TFC-75TF, FXFCH17-C long reach chrome faucet, 3,2 galons plastic storage tank, FT06 feed water connector 1/2", tubing, instruction, color box.

EXCITO-5

Five stage RO filtration systems based on "UDF-SLIM" cartridge type, made of **NSF** certified components.

Package contains: cartridges FCPS20-SL, FCCBL-S-SL, FCPS5-SL, FCCM-SL, TFC-75F, 3,2 galons plastic storage tank, FXFCH17-C long reach chrome faucet, FT06 feed water connector 1/2", drain saddle valve, tubing, instruction, color box.

EXCITO-OSSMO

Four stage RO filtration systems based on "TWIST" cartridge type, made of **NSF** certified components.

Package contains: cartridges AIPRO-1M-TW, FCCBL-S-TW, TFC-70F-TW, FCCM-TW, TFC-70F-TW, FXFCH17-C long reach chrome faucet, 3,2 galons plastic storage tank, FT06 feed water connector 1/2", tubing, instruction, color box.

FHPR34-B1-TWIN

Two stage anti-scale in-line systems, made of **NSF** certified components.

Set includes: cartridges FCPS5, FCPRA-10, mounting bracket with screws, wrench, instruction.

Whole House Big Blue® Systems

FHPR34-B1-TWIN-B

Two stage anti-scale in-line systems with economical BY-PASS, made of **NSF** certified components.

Set includes: by-pass, cartridges FCPS5, FCPRA-10, mounting bracket with screws, wrench, instruction.

FHPR34-B1-TWIN-B2

Two stage anti-scale in-line systems with BY-PASS valves, made of **NSF** certified components.

Set includes: by-pass, cartridges FCPS5, FCPRA-10, mounting bracket with screws, wrench, instruction.

HHBB20B

Whole house **Big Blue®** filtration systems

Set includes: 3 x 20" **Big Blue®** type filter housing, pressure gauge, metal platform, nickel extension to the pressure gauge, wrench, instruction, antibacterial and antimicrobial filter centralizing rings.

HHBB10B

Whole house **Big Blue®** filtration systems

Set includes: 3 x 10" **Big Blue®** type filter housing, pressure gauge, metal platform, nickel extension to the pressure gauge, wrench, instruction, antibacterial and antimicrobial filter centralizing rings.

For more information visit www.aquafilter.com

Whole House Softeners

AF-VT-30

Water softener, with volume/time controller and ion-exchange resin.

Features:

- Size – H x W x L: 1100 mm x 270 mm x 470 mm size
- Tank dimensions: 10" x 35"
- Tank volume: 25 dm
- Brine tank capacity (amount of salt): 50 kg
- Maximum hydraulic flow rate: 2 m / h
- Maximum exchange capacity (m x dH): 72
- Maximum water consumption (per regeneration): 0.2 - 0.3 m
- Maximum salt consumption (kg / regeneration): 3,5
- Operating pressure: 1,5 bar - 5 bar (22.5 psi - 75 psi)
- Operating temperature: 5 C - 45 C (41 F - 113 F)
- Connection/power supply: 100-240V AC 50/60Hz (12VDC 1500 mA)
- Water connection: 3/4" MIP (BSP)

Washing Machine Filters

FHPRA

Washing machine filters, filled with polyphosphate, anti-scale and anti-lime media with brass insert, designed for cold water, equipped with 3/4" MIP x 3/4" FIP.

FHPRA2

Multi-use washing machine filters, filled with polyphosphate, anti-scale and anti-lime media, designed for use with cold water, equipped with 3/4" MIP x 3/4" FIP.

FHPRA-R

Water conditioning media (polyphosphate) for FHPRA2 washing mashine filters.

FHPRA3

Washing maschine filters containing 30% more polyphosphate anti-scale and anti-lime media, designed for cold water, equipped with 3/4" MIP x 3/4" FIP.

Shower Filters

FHSH-1_K

High quality shower filters, containing **KDF**® bacteriostatic media, equipped with 1/2" MIP connection.

FCSH-1_K

Cartridges for FHSH-1_K

FHSH-5-C   **FHSH-6-C**

part nr	diameter
FHSH-5-C	**10,5 cm**
FHSH-6-C	**15 cm**

High performance shower filters.

Features: 1/2" MIP thread, 2C -60 C wotking temperature, three shower massage functions, chrome plated

FCSH-56_K

Set of two cartridges for FHSH-5-C and FHSH-6-C shower filters.

Accessories

FHSB

Bath ball, most advanced bath filters on the market, containingh **KDF**® media.

AIMIAO2_K

Mechanical leak prevention sensors for undercounter and reverse osmosis systems.

AIMIAO-T_K

Valves, providing automatic shut off system after a pre-determined quantity of water being filtered.

part nr	in/out	bar/psi
PLV-0104-50	**1/4" QC**	**3,3/50**
PLV-0104-80	**1/4" QC**	**5,3/80**

Pressure limiting valves, equipped with 1/4" QC tube ports.

For more information visit www.aquafilter.com

Plastic mounting brackets

Available brackets are single, double and triple to meet customers demands. Color can be customized. For more information check **www.aquafilter.com**

Metal mounting brackets

Available metal brackets are single, double and triple to meet customers demands. They fit most 5", 10" and 20" and **Big Blue®** housings. For more information check **www.aquafilter.com**

Hangers

Single and double hangers. For more information check **www.aquafilter.com**

JACO connectors

Aquafilter® among its range of products has a broad list of JACO fittings. For more information check **www.aquafilter.com**

Quick connectors

Aquafilter® among its range of products has a broad list of QC connectors. For more information check **www.aquafilter.com**

Check valves, shut-of valves, flow restrictors

Aquafilter® among its range of products has a broad list of valves. For more information check **www.aquafilter.com**

Tubing

Tubings made of 100% virgin grade, **FDA** compliant linear low density polyethylene (LLDPE). For more information check **www.aquafilter.com**

AFXPOMP-4

Diaphragm pumps for RO systems with water softening and iron removal cartridge.

Set includes: connectors, mounting bracket, valves (high and low pressure) and transformers.

AFXPOMP

Diaphragm pumps for RO systems.

Set includes: connectors, mounting bracket, valves (high and low pressure) and transformers.

M1207515_K

Diaphragm pumps for RO systems.

Set includes: connectors, mounting bracket, valves (high and low pressure) and transformers.

Accessories for pumps

Aquafilter® among its range of products has a broad list of accessories for pumps. For more information check **www.aquafilter.com**

PH-600

TDS-3

TDS81

RT750

Electronic meters. For more information check **www.aquafilter.com**

CE-24

Electronic controllers for RO systems. For more information check **www.aquafilter.com**

FXT-3-AQ

FXT-AQ

FXT-AQ FXT-3-AQ

Set includes: colorimetric tests. For more information check **www.aquafilter.com**

Reducing connectors, Filter connectors, Cartridge connectors

For more information check **www.aquafilter.com**

Connection adapters

For more information check **www.aquafilter.com**

For more information visit www.aquafilter.com

Tanks for RO

Water storage tanks. For more information check **www.aquafilter.com**

Drainage clamp

For more information check **www.aquafilter.com**

Accessories for FHCTF

Outlets, inlets, faucets, connection adapters for FHCTF two stage kitchen countertop water filter. For more information check **www.aquafilter.com**

Pressure gauges

For more information check **www.aquafilter.com**

PDEZYN2

Single use disinfection set.

Set includes: sediment filter disinfection solution, tubing and connectors.

Teflon tape

For more information check **www.aquafilter.com**

NI-412-CENT-AB
NI-212-CENT-AB

Antibacterial and antimicrobial filter cartridge centralizing ring, based on **BACINIX™** Nanosilver Technology.

O-rings and washers

Aquafilter® among its range of products has a broad list of o-rings. For more information check **www.aquafilter.com**

Wrench

Aquafilter® among its range of products has a broad list of wrenches. For more information check **www.aquafilter.com**

FXFCH17-C   FXFCH16-C

FXFCH17-C*
FXFCH16-C**

Brass chrome plated faucets .

* single-way

** two-way

FXFCH14-4-C_K   FXFCH13-4-C_K

FXFCH14-4-C_K
FXFCH13-4-C_K

Four-way kitchen sink faucets for cold, hot and filtered water. Installation kit includes a set of adapter connectors (tubing, washers, gaskets) necessary for proper connection.

FXFCH13-3-M_K   FXFCH15-3-C_K

FXFCH13-3-M_K
FXFCH15-3-C_K

Three-way kitchen sink faucets for cold, hot and filtered water. Installation kit includes a set of adapter connectors (tubing, washers, gaskets) necessary for proper connection.

2 Port Basic Type Head System

part nr	size	µm
AIPRO-1M-TW	2,5" x 12"	5
AIPRO-1M-TW-CP*	2,5" x 12"	5
AIPRO-20M-TW	2,5" x 12"	20
AIPRO-20M-TW-CP*	2,5" x 12"	20

In-line (TWIST Type) sediment filter cartridges.

* Cartridges Available for Sale with Cap
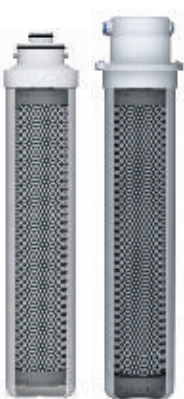

part nr	size
FCCBL-S-TW	2,5" x 12"
FCCBL-S-TW-CP*	2,5" x 12"

In-line carbon (TWIST Type) blocks with **NSF**-approved, activated carbon (50% coconut shell activated carbon, and 50% bitumious activated carbon).

* Cartridges Available for Sale with Cap

part nr	size
AISTRO-TW	2,5" x 12"
AISTRO-TW-CP*	2,5" x 12"

In-line (TWIST Type) water softening filter cartridges with **FDA**-approved ion exchange resin.

* Cartridges Available for Sale with Cap

part nr	size
AISTRO-2-TW	2,5" x 12"
AISTRO-2-TW-CP*	2,5" x 12"

In-line (TWIST Type) iron removing and water softening filter cartridges with **FDA**-approved ion exchange resin.

* Cartridges Available for Sale with Cap

part nr	size
FCCM-TW	2,5" x 12"
FCCM-TW-CP*	2,5" x 12"

In-line (TWIST Type) post-filtration cartridge with **NSF**-approved coconout activated carbon mineralization and KDF® media.

* Cartridges Available for Sale with Cap

part nr	size	µm
TFC -70F-TW	2,5" x 12"	0,0001
TFC -70F-TW-CP*	2,5" x 12"	0,0001

In-line (TWIST Type) reverse osmosis membrane (70 GPD).

* Cartridges Available for Sale with Cap

part nr	size	µm
TLCHF-TW	2,5" x 12"	0,02
TLCHF-TW-CP*	2,5" x 12"	0,02

In-line (TWIST Type) Ultra filtration membrane.

* Cartridges Available for Sale with Cap

part nr	size
AICRO-212-TW	2,5" x 12"
AICRO-212-TW-CP*	2,5" x 12"

In-line empty (TWIST Type) filter cartridges - welded.

* Cartridges Available for Sale with Cap

In-line Ultra filtration membrane - Quick Connector Male.

Profesional water test kit ⎯⎯⎯⎯ UV lamp ⎯⎯⎯⎯⎯⎯

AQUAFILTER FXT-TEST-PROF Water Test Kit is engineered to be reliable, accurate and cost effective. Testers are designed in a way allowing non-professionals, without training to conduct basic tests. These tests are based on the principle of visual color comparison**,** especially developed for simple field operation. They are simple and very effective.

Water Test Kit is conveniently packed in a handy case.

Features:
- cost effective
- reliable
- accurate
- easy to handle
- can be used for both: home and field tests

Set includes tests for:

hardnes test
chlorine
pH
iron
manganese
heavy metal
and the all necessary accessories needed for testing

AQUAFILTER FUV-P4CL lamp is an effective way to deal with various microorganisms which can be found in water. Radiation emitted by this lamp effectively kills microorganisms.

The best performance (germicidal effects) is obtained at approx. 254 nm wavelength and with the intensity ranging from 3000 to 20000 mW*sec/cm^2. The primary mechanism by which UV inactivates microorganisms is the creation of pyrimidine dimmers on the same DNA or RNA strand, so the microorganisms are unable to reproduce. Another mechanism is a disruption of cell wall and therefore destruction of an entire microorganism.

The degree of microorganism destruction or inactivation depends on various factors: time of exposure to the UV light, intensity, type of microorganism and water turbidity, construction of the lamp.

Due to the unique design (water flows through a spiral tube) **FUV-P4CL** UV lamps allow better performance and efficiency, they don't change natural physicochemical features of water, and provide zero rejection factor - almost 100% of inlet water undergoes purification process and is suitable for consumption.

Features:

- Over 99.9% effectiveness in water disinfection
- Approximately 12 months of UV lamp filament vitality
- Filtration without altering the physico-chemical water composition
- Longevity of UV light bulb is to 9000 working hours (approx. 1 year)
- No change to chemical and physical composition of water.

FXT-TEST-PROF
